

Driver checklist

Before you get going, there are a few things you can do to take away the temptation of using your phone while driving.

Step 1

Activate **'Do not Disturb While Driving'** for Apple phones or **'Do not Disturb'** for Android phones before you get in the car

Step 2

Set your GPS, or playlist before leaving home (Open and P2 licence holders only*)

Step 3

Remind passengers that you need to focus on the road. Make sure kids and pets are safely restrained.

Step 4

If you really need to make a call or send a message, pull over and park safely first.

For more information on mobile phone rules and restrictions, visit:
<https://www.qld.gov.au/transport/safety/road-safety/mobile-phones>

*If you're a Learner or P1 driver under 25, it's illegal for you to use any function on a mobile phone. This includes hand-held, hands-free, wireless headsets or a mobile phone's loudspeaker function. Don't forget, your passengers are also banned from using a mobile phone's loudspeaker function.
